

2018 Gardening and Visual Arts Club

Thank you for your participation in this year's garden club. We have enjoyed a variety of activities including painting, mosaic tile design for the school gardens, the sewing of sachets, basket weaving, tulip bulb planting, seed harvesting, and plant propagation. The last day of Garden club in 2018, will be on December 13th. Garden club will resume meeting on March 13, 2019 on Thursdays after school until 4:30PM until June 6, 2019. In the spring, we will begin the planning, preparation, and planting of the gardens and will continue exploring nature themed arts. We look forward to meeting again in the spring. There are no additional fees during the spring garden club. New members will be asked to enclose a prorated fee of \$40.

Please contact Mrs. Ashton at ashton@ijschool.org with any questions.

Please return the lower portion of this form in an envelope marked "Garden Club" with payment due to IJS.
